

KITCHEN GREASE & CARBON CUTTER

- Hard Surfaces
- Ovens
- Burners
- Racks
- Grills
- Tabletops
- Floors
- Hoods

Kitchen Grease & Carbon Cutter is an excellent spray cleaner that can be used on ovens, grills, rack burners, and food areas.

Kitchen Grease & Carbon Cutter cuts through heavy grease and carbon throughout the kitchen. Safe on most metals.

OVENS:

Kitchen Grease & Carbon Cutter works more easily and quickly on hot surfaces. Warm oven to 140° - 160°F. Turn off oven. Spray cleaner onto areas to be cleaned; including, burners, racks, etc. Allow to set a few minutes. Sponge all surfaces with water to remove cleaner. Wipe thoroughly to remove any residue. Stubborn areas may require the use of steel wool to remove build-up.

GRILLS:

Warm grills to 120° - 150°F. Spray liberal amounts of cleaning solution on surface. Allow to set for a few minutes. Wipe surface clean, then rinse with clear water. Dry surface with a cloth to remove any residue.

PACK SIZE:

6/32 oz.

2 Sprayers Included
